REPORT ON THE SLOVAK AUDIOVISUAL SITUATION IN 2016
INTRODUCTION

- In 2016, Slovak audiovision continued in the successful trends of the previous years in almost every area of those covered by this Report.
- On 1 January 2016, the new Copyright Act came into effect – a modern, flexible and effectively European piece of legislation. Twenty-six films were made, most of them in majority Slovak productions, and half of the films were débuts, which only goes to prove that the audiovisual environment in Slovakia is open to new authors. The vast majority of minority co-productions were made with Czech companies and with Czech authors; we consider this to be a wholly appropriate situation as the Slovak and Czech Republics continue to maintain very close and interconnected audiovisual markets with minimal language barriers (in particular, as regards the Czech language in Slovakia). We have recorded thematically and artistically profiled films in feature film production (The Teacher, A Prominent Patient), but also genre films (The Red Captain – the best attended Slovak film of the year, which recorded a total of 36,328 viewers on its opening weekend, the highest number for feature film in the era of independent Slovakia). Twelve full-length documentaries are equally varied in terms of genre and theme – from artistically ambitious films, such as 5 October or A Hole in the Head, to genre films (football, folklore, films about the Tatras). It is positive that the public-service Radio and Television of Slovakia (RTVS) continues to play an active part in the production of new Slovak films, and has undoubtedly become the largest Slovak producer of audiovisual works.
- The Slovak Audiovisual Fund (AVF) is the most important partner for Slovak companies; in 2016, it distributed EUR 7,433,688 in support of audiovisual culture (an increase of EUR 918,788). In respect of film production, we note that a film made without AVF support is something of an exception, and this pertains also for many other areas of support. Another positive outcome are the first projects supported within support for the audiovisual industry (Marco Polo 2, produced by The Weinstein Company); hence, the scheme has started to accomplish its most important function – to render Slovakia more attractive for big international productions.
- We have also recorded positive changes in cinema distribution. The increase in attendance (5,667,071 viewers represents a 22.81% increase on 2015) and the increase in box office takings (EUR 29,023,501, an increase of 22.32%) is a really massive shift; this indicates that the economic situation in Slovakia is improving and the potential of the cinema distribution in Slovakia is starting to be achieved; it also proves that the traditional distribution is not dead by a long way.
- Last but not least, we have also recorded the best result to date achieved by Slovak companies in gaining support from the Creative Europe Programme, the MEDIA Sub-programme. The total support of EUR 1,034,420 is the highest since 2003 when Slovakia became a member state of the Programme.
- In 2016, Slovak audiovision confirmed its current position – it has stabilised and become standard and, what is most important, domestic productions are consistently becoming more attractive for audiences (and the best as regards attendances in Slovak cinemas is yet to come in 2017). Maybe it is about time to extend beyond current practice (AVF – RTVS – Czech partners) and to look further around the world, particularly as regards co-production partners. According to the 2016 results, Slovak audiovision definitely has the potential to do so.

**LEGISLATION**

- Act 185/2015 on Copyright and Related Rights (the Copyright Act as amended by Act 185/2016 on Some Measures Related to the Code of Civil Dispute Procedure, the Code of Civil Non-Dispute Procedure, the Code of Administrative Procedure, and on the Amendments and Supplements to some other Acts) has been in effect since 1 January 2016. The new Copyright Act is a modern and flexible regulation which secures more effective exertion of the rights of authors and other copyright-holders within the frameworks stipulated by European and international law. Nevertheless, it does not in any way impede the dissemination of culture, education and research results, or the development of the Internet economy and the support of creativity. At the same time, the Act ensures a balancing of the interests of copyright-holders, users and the general public. The extent of the enforceability of rights, should they be infringed, has also been enforced. The Act ensures due control for copyright-holders and also for the general public over collective administration organisations which manage the rights and funds of authors and other copyright-holders.

- On 1 January 2016, also, Act 308/2015 Amending and Supplementing Act 195/2000 on Broadcasting and Retransmission and on the Amendment of Act 195/2000 on Telecommunications, as Amended, and Amending and Supplementing Certain Acts entered into effect. The objective of the Act is to support the broadcasting of Slovak music in radio broadcasts, to facilitate access to television programme broadcasting and to the distributed Slovak audiovisual works and audiovisual works in the original Slovak language version for the hearing-impaired and sight-impaired and, in compliance with European legislation, to extend the restrictions with regard to media commercial communication relating to cigarettes and tobacco products as well as to electronic cigarettes and the filling bottles for electronic cigarettes.

- On 13 January 2016, the Government of the Slovak Republic adopted the draft update of the Systematic Restoration of the Slovak Audiovisual Heritage Project for 2016 – 2018. The main objective of the project is to systematically protect and gradually renew the audiovisual heritage fund, whilst making it subsequently accessible to the public. The renewal comprises several phases (stock-taking, diagnostics, preservation/treatment, restoration, digitisation of film materials and rendering them accessible) which effectively overlap for the individual audiovisual works and the accompanying documents related to the production, distribution or presentation of audiovisual works in public. Securing the institutional, personnel, technological, technical and financial demands is an essential part of the project. With regard to ongoing development within the area of audiovisual heritage, the need to financially cover the related activities performed by the Slovak Film Institute, and the fact that the project update approved by the Government of the Slovak Republic in 2013 contained specific tasks for the stakeholders only up to 2015, it was also necessary to update the project for the subsequent period, i.e. for 2016 – 2018.

- As regards the task resulting from point B.1. of Government Resolution No. 16 of 9 January 2013 on the draft update of the Systematic Restoration of the Slovak Audiovisual Heritage Project for 2013 – 2015, the Report on the Performance of Tasks Resulting from the Update of the Systematic Restoration of the Slovak Audiovisual Heritage Project for 2013 – 2015 (hereinafter referred to as “the Report”) was submitted to the Government for discussion. The Report details the individual phases of the audiovisual heritage restoration process, being stock-taking, diagnostics, treatment, restoration, digitisation of film materials and rendering them accessible, which effectively overlap for the individual audiovisual works and the accompanying documents related to the production, distribution or presentation of audiovisual works in public, the SFI’s activities within the individual restoration phases in the period monitored (2013 – 2015) and the status of restoration as of 31 December 2015. The Report also briefly details the Digital Audiovision project and its measurable indicators and the SK CINEMA project, which are closely related and associated with the Systematic Restoration of the Slovak Audiovisual Heritage Project, since only restored film materials can subsequently be digitised. The Report was prepared in close collaboration with the Slovak Film Institute as a state subsidized organisation which is financially linked to the national budget via the Ministry’s budget chapter. In its session on 30 June 2016, the Government acknowledged receipt of the above document.

- The Minister of Culture, Marek Maďarič, submitted to the Slovak Government a draft act amending and supplementing Act 340/2012 on Payments for Public Services provided by the Radio and Television of Slovakia, and on the Amendment and Supplementation of Certain Acts as Amended by Subsequent Regulations and amending and supplementing Act 532/2010 on the Radio and Television of Slovakia and on the Amendment and Supplementation of Certain Acts, as amended. Its aim is to financially stabilise public-service broadcasting in Slovakia, to introduce an independent and transparent system of determining fees, to relieve the poorest social group of the obligation to pay, to reduce the administrative burden imposed on those who pay for the public services and, last but not least, to provide listeners and viewers with a content counter-value for the increased fees. The Government discussed this matter on 17 August 2016; however, the Slovak Government suspended discussion on the draft act.

- Government Resolution No. 332 of 17 August 2016 approved the proposed amendment and supplementation of the Statute of the Government Council for Culture.

- By way of Government Resolution No. 19 of 11 January 2017, the Slovak Government approved the conclusion of the Council of Europe Convention on Cinematographic Co-Production (revised) by the Slovak Republic. The Council of Europe Convention on Cinematographic Co-Production (revised) is a reaction to the changes in film production brought about by the last 25 years. New technologies have changed the production, distribution and screening methods and significant development has been recorded in the area of financial support for audiovisual at the national and regional levels. The Convention is a revised version of the European Convention on Cinematographic Co-Production adopted on 2 October 1992, which entered in effect in Slovakia on 1 May 1995. The Convention defines as a film “any work of any length and on any medium, in partic-
ular a feature, animated and documentary film, which complies with the provisions relating to the film industry in force in each of the contracting parties concerned and which is to be screened in cinemas."

- Representatives of ten countries – The Netherlands, Greece, Luxembourg, Malta, Norway, Portugal, Serbia, Slovakia, Slovenia, Italy – signed the Convention on 30 January 2017 during the Rotterdam IFF.

**FILM EDUCATION**

- Nowadays, even the youngest generation has an opportunity to develop its creative potential at a number of schools: at Ludovít Rajter’s Elementary School of Art (www.zussklenarova.sk), Ján Albrecht’s Elementary School of Art (www.zusjanaalbrechta.eu), the Private Secondary Technical School of Animation (www.uat.sk) in Bratislava, the Private Elementary School of Art DAMA (www.szus-dama.sk) in Prešov and the Private Secondary School of Film Art (www.filmovaskola.sk) in Košice. The Secondary School of Scenic Graphic Arts (www.zsssrbva.sk) in Bratislava offers courses in scenic graphic arts and animation, the Secondary School of Art in Trenčín (www.sustrn.sk) and the Private Secondary School of Art in Žilina (www.ssuszv.sk) offer a course in animation, and the Private Secondary School of Design (www.skoladesignu.sk) in Bratislava offers three-year higher technical education courses in Film and Media Production and Animation.

- Although there are currently several university-level schools of art in Slovakia, the teaching of audiovisual art in them has been only marginal – for instance, the Faculty of Mass Media Communications at the University of St. Cyril and Methodius in Tmava (www.fmk.sk), the Department of Intermedia at the Academy of Fine Arts and Design in Bratislava (www.vsfdm.sk) and the Department of Fine Arts and Intermedia at the Faculty of Arts of the Technical University (www.fu.tuke.sk) in Košice. From the 2014/2015 academic year it has also been possible to study a course entitled **Academy of Filmmaking and Multimedia** (www.vsfdm.sk) in Bratislava. This study programme is not accredited, but certified; it does not replace the Bachelor’s degree course, it does not confer an academic title, but its graduates are able to resolve practical animation, graphical-artistic tasks in the film, advertising and designing industries.

- Students of the Academy of Arts in Banská Bystrica can study at two faculties. The Faculty of Fine Arts (www.fvu.aku.sk) has the Department of Intermedia and Digital Media. Students can take courses in Theatre Art, and Film Art and Multimedia at the Faculty of Dramatic Arts (fdzu.aku.sk). Mgr. art. Lubomír Viluda ArtD. is Head of the Department of Documentary Film and PhDr. Kateřina Javorská is Head of the Department of Film Dramaturgy and Screenwriting. In the 2015/2016 academic year, 41 students and 1 post-graduate student studied in the Bachelor’s and Master’s programmes in Documentary Film, and 21 students studied in the Bachelor’s programme in Film Dramaturgy and Screenwriting. In 2016, students at the Department of Documentary Film made 36 films (64 films in 2015).

- However, the **Film and Television Faculty of the Academy of Performing Arts** (www.vsmu.sk, subsequently referred to as “FTF VŠMU”) in Bratislava continues to be responsible for providing the major part of the preparation of new filmmakers and producers.

FTF VŠMU is a member of the International Association of Film and Television Schools, a worldwide organisation, CILECT, and also its European section, GEECT. Prof. Ondrej Šulaj is the Faculty’s Dean.

- Ten study programmes are currently available at FTF VŠMU:

RE PORT ON THE SLOVAK AUDIOVISUAL SITUATION IN 2016

The 2016 domestic documentary production is supplemented by one minority co-production: Trabant – From Australia to Bangkok (Trabantem do posledního dechu, CZ/SK, 2016, dir. Dan Přibáň) about the half-year-long adventure from Australia to Thailand.

In 2015, Lokalfilmis (SK, 2015, dir. Jakub Kroner) was made – the first Slovak full-length animated film after a gap of 35 years. 2016 brought animated production into the annual reality. Two minority co-productions were made: Oddsockeaters (Lichožrúti, CZ/SK/HR, 2016, dir. Galina Mikliňová) and Murderous Tales (Smrtelné history, CZ/SK, 2016, dir. Jan Bubeníček) with a minimal Slovak creative share. The national Sun in a Net Award in the Best Animated Film category was not awarded in 2016 for the first time, as there was an insufficient number of films registered.

In 2016, one more film released into distribution was made – the mid-length documentary Life in the Clouds (Život v oblakoch, SK, 2016, dir. Erik Baláž) from the High Tatras.

Radio and Television Slovakia also had a part in the production of 13 full-length cinema films – 6 feature films and 7 documentaries. It is still the biggest producer in the area of documentary production, whether on its own or in collaboration with independent producers (refer to the chapter Television). SLOVAK AUDIOVISUAL FUND

- The Slovak Audiovisual Fund (AVF, www.avf.sk) has provided support since 2010. As an independent public institution established by a separate Act, it is the main source of financial support in audiovision in the Slovak Republic. Its aim is to support all parts of the filmmaking, film production and distribution process, film festivals, education, research, publication activities and technological development, particularly in the area of cinemadigitisation. The financial sources of the Fund consist of a contribution from the national budget and contributions from entities which use audiovisual works in their business activities: the broadcaster of the television programme service in the public interest (5% of revenues from advertisements), private television broadcasters (2% of revenues from advertisements), cinemas (1% of the price of each ticket sold), distributors of audiovisual works (1% of revenues from distribution outside of cinemas), retransmission operators (1% of retransmission revenues), and operators of the audiovisual on-demand media service (0.5% of revenues for provision of the service).

- Under the law, the AVF support activities are divided into two independent parts – support for audiovisual culture (grants, scholarships and loans) and support for audiovisual industry (grants of 20% of non-state funds invested in the Slovak Republic in the production of film projects and works for TV broadcasting). Support for audiovisual culture has been available in the AVF since it was established; the AVF supported the first project in the audiovisual industry in 2016.

- In 2016, the AVF allocated EUR 918,788 more financial support for audiovisual culture than in the previous year (EUR 7,433,688 in 2016 and EUR 6,514,900 in 2015), which represents a year-on-year increase of 14.1%. Over the course of seven years, the AVF supported 2,118 applications for the support of audiovisual culture with EUR 44,733,366. Also, thanks to AVF’s support, the production of audiovisual works, including students’ works, is increasing and the distribution domain is growing and stabilising, the promotion of domestic works at home and abroad is improving and, with the increasing experience, the ability of the individual entities to enter international co-productions also grows.

- In 2016, 594 applications were submitted for the support of audiovisual culture. The number of applications supported in audiovisual culture increased from 331 in 2015 to 354 in 2016. The share of supported applications in the total number of applications submitted remained approximately the same (59.60% in 2016, 60.40% in 2015). The statistics for 2016 present the situation as at 5 February 2017.

- In 2016, the AVF supported three applications for digitisation by D-cinema technology – screening room R of the Golden Apple Cinema in Liptovský Mikuláš, the Scene 2 Cinema in Martin and the outdoor cinema in Galanta – with a total amount of EUR 71,400.

- In 2016, one application was submitted for cinema digitisation with the less expensive digital technology, E-cinema HD – Tabačka Cinema in Košice which the AVF supported with EUR 10,700.

- Ten applications were supported within Sub-programme 4.3 Modernisation of Equipment in Digitised Single-Screen Cinemas – Cinema Lumière Bratislava, Mladosť Bratislava, Nostalgia Bratislava, Mostár Brezno, the open-air cinema Centrá Park Podhájska, Klub Revúca, SLUK Rusovce, Nova Sereď, Hviezda Trnava, Hron Žiar nad Hronom – with a total amount of EUR 220,850 (more details in the chapter on Cinemas).

- The new Sub-programme 2.3 Support for Attendance of Slovak Cinematographic Works has been part of the Structure of Support Activities since 2015 within Programme 2 – Support for Distribution and Other Presentation of Audiovisual Works to the Public. The aim of the Sub-programme is to contribute to an increase in attendances at public screenings of Slovak cinematographic works in cinemas across Slovakia. The financial support takes the form of a grant. The unit support amount in Sub-programme 2.3 is EUR 1.0 per ticket sold for the audiovisual presentation of a Slovak cinematographic work listed in the Slovak audiovisual works or demonstrably meeting the criteria for a Slovak audiovisual work.

- In 2016, any operator of an audiovisual technical facility who was registered as a contributor to the Fund and who did not have any registered arrears, who performed audiovisual presentations with an admission fee paid, who used digital D-Cinema or E-Cinema digital projection technology for the audiovisual presentations, who, in the respective calendar year, publicly presented more than 50% of the total number of Slovak cinematographic works included in the schedule of premières prepared by the Union of Film Distributors of the Slovak Republic, and who provided the Union of Film Distributors of the Slovak Republic with verified information on attendances at the individual screenings with the option of subsequently checking this information, was eligible to apply for support in Sub-programme 2.3. In 2016, the AVF supported a total of 38 cinemas with EUR 217,488 in all in this Sub-programme.
On 26 October, 2016 the following change was made in the conditions for the provision of AVF support: “in the respective calendar year, will publicly present more than 50% of the total number of Slovak cinematographic works which in the same year were released or re-released in the Slovak cinema network.”

LITERARY FUND

- The mission of the Literary Fund (LF, www.litfond.sk) is to support the development of artistic, scientific and technical literature, journalistic and creative activities in the area of theatre, film, radio and television. In 2016, the Committee of the Section for Creative Work in Television, Film and Video supported, by way of the ALFA Programme, the production of new, original literary works which could form the basis of feature, documentary and animated films. The Section Committee also evaluated film and television productions made in 2015 and rewarded sixteen successful filmmakers via the Igrić Awards and Literary Fund Premiums with a total amount of EUR 11,800 and nine Slovak filmmakers with EUR 5,450 at international festivals, such as Fest Anča – Anča Slovak Award, Cinematik IFF Piešťany – LF Cinematik.doc Award, Mountains and City – LF Award for innovative approach to the topic, BAB Bratislava – LF Premium for creative contribution in animation for children, Trenčianske Teplice IFF – Golden Camera Award, Etno-film Čadca – Martin Slivka Prize, Student Film Festival ÁČKO – LF Awards for best individual performances in feature, documentary and animated film (for more information about the awards, refer to Festivals and Reviews and to the Literary Fund website). The Literary Fund also made contributions to costs for creative journeys in Slovakia and abroad, and provided rewards for performing artists celebrating an anniversary in 2016. Even those performing artists who are no longer of a productive age were not forgotten, with support provided to those who found themselves in a difficult financial situation due to illness, old age or for other objective reasons.
- In 2016, the Section Committee had a budget of EUR 128,000, and provided EUR 123,580 by 31 December 2016 from the budget for care for creative staff and artists. Almost half of this amount (EUR 54,800) was paid to 49 people in the form of creative scholarships.

MEDIA Sub-programme

- As of 1 January 2014 the MEDIA Programme became a sub-programme of the Creative Europe Programme (merging with the Culture Programme under Creative Europe umbrella) and the same went for the MEDIA Desk Slovakia office which (merging with the Cultural Contact Point office) was transformed into Creative Europe Desk in 2014.
- In 2016, in compliance with the approved action plan and within the budget available, Creative Europe Desk Slovakia continued to fulfil its fundamental tasks: to provide information on the MEDIA Sub-programme to all interested parties and to consult with applicants seeking a grant from the Sub-programme; it also performed activities directed towards improving the integration of Slovak audio-visual professionals within Europe. The effects of the MEDIA Sub-programme on Slovak audiovision may be assessed by the amount of support allocated to Slovakia from the Programme each year, but perhaps even more important are the additional tools provided by the Sub-programme to create Slovak audiovision. We registered significantly positive results for Slovak entities applying for funding from the Programme in 2016. The MEDIA Sub-programme supported Slovak applicants to the extent of EUR 880,397 within the following schemes: Support for Development – Single Projects: EUR 190,000; TV Programming: EUR 145 000; Distribution: Selective Support: EUR 67,100; Distribution: Automatic Support: EUR 403,090; Audience Development (a Slovak company was one of the partners of the supported project): EUR 15,507 and Training: EUR 59,700.
- Indirect support within the Europa Cinemas network for 23 Slovak cinemas associated in the network amounted to EUR 154,023; hence the total support allocated to Slovak entities in 2016 was EUR 1,034,420. The amount granted to Slovak companies represents the highest number of annual support from the MEDIA Sub-programme since Slovakia entered the MEDIA Programme.
- If we add the support granted to Slovak companies within the Culture Sub-programme (EUR 273,224) the total support granted to Slovak companies within the Creative Europe Programme in 2016 amounted to a record-breaking EUR 1,307,644.
- In April 2016, as has become a tradition, Creative Europe Desk – MEDIA published the Report on the Slovak Audiovisual Situation in 2015 with a summary of information on all important aspects of the state of the Slovak audiovisual industry (in Slovak and English, circulation – 500). As a priority, the Report is distributed to foreign companies, organisations and institutions.
- Creative Europe Desk Slovakia organised or co-organised several seminars, workshops and events; we chose two of them:
  - On 16 and 17 September 2016, the seminar and workshop DOX IN VITRO (formerly named Co-producing Documentaries in Europe) was organised in Piešťany (together with European Documentary Network and IFF Cinematik Piešťany) with renowned European audiovisual professionals as tutors: Ove Rishøj Jensen, EDN/Denmark; Beate Thalberg, ORF/Austria and Brian Hill, director and producer/Great Britain.
  - Creative Europe Desk Slovakia also co-organised (together with the Office of the Government and the Permanent Representation of the European Commission to the Slovak Republic) a mini-festival of European film 7x7; the Festival was held from 5 May to 22 June 2016 and over this period seven European films, supported from the MEDIA Sub-programme, were shown in seven Slovak cities. In all, 2,917 viewers watched the festival films.

  - The feature film Garden Store: The Deserter (Zahradnictví II: Dezertér, CZ/SK/PL) by Czech director Jan Hřebejk which is a minority co-production for Slovakia – 16.64 % belongs to the Slovak company SOKOL KOLLAR s.r.o., 68.98 % to the Czech Fog’n’Desire Films s.r.o. (delegated producer Viktor Taus) and 14.39 % to the Polish company Mental Disorder 4. The project received support of EUR 132,000.
  - The feature film The Cellar (Pivnica, SK/RU/CZ) by Russian director Igor Voloshin which is a majority co-production for Slovakia – 45.58 % belongs to the Slovak FURIA FILM (delegated producer Lívia Filusova), 37.56 % to the Russian company Gate Llc and 16.87 % to the Czech 8Heads Productions, s.r.o. The project received support of EUR 200,000.

- Slovakia’s contribution to the fund in 2016 was EUR 170,855.
- In 2016, Slovak co-production projects received EUR 782,000 in total.
- From the date that Slovakia acceded to Eurimages up to 31 December 2016, 38 projects were granted support; in these projects Slovak production companies functioned as either the majority or minority co-producer.

Cinema Distribution

- In 2016, 5,667,071 viewers attended Slovak cinemas, which represents a 22.81% increase on 2015 (4,614,507 viewers). Only in 1993 and 1994 did more viewers attend domestic cinemas in the period since Slovakia gained independence. The gross box office takings increased by 22.32% year-on-year. Viewers paid a total of EUR 29,023,501 for tickets (EUR 23,727,092.05 in 2015), which is the highest amount since Slovakia became independent. Thereby, EUR 20 million was first exceeded in 2014.

- However, 2016 was a record year not only in Slovakia, but also in the European Union. According to preliminary information provided by the European Audiovisual Observatory (EAO), 1.27 billion viewers attended cinemas across the EU last year, which is the highest number since 2004.

- In 2016, the number of screenings in Slovakia also increased by 18.16% from 158,280 in 2015 to 187,017 in 2016 – which is the historically highest number of screenings since Slovakia gained independence. Despite the fact that the average attendance per screening increased by 3.94% from 29.15 viewers in 2015 to 30.20 in 2016, the average admission fee dropped from EUR 5.14 in 2015 to EUR 5.12 in 2016. This was caused mainly by the greater number of screenings in digitised single-screen cinemas, where the admission fee is lower.

- In 2016, 269 new films, hence 24 more than in the previous year, were released in cinemas. This number of new films has only ever been exceeded in 2013 – 274. Last year’s films were released in cinemas by 12 distribution companies and three Slovak films were distributed by the producers themselves – Arolla Film Life in the Clouds (Život v oblaku, SK, 2016, dir. Erik Baláž), Art4 a block of animated films, Mimi & Lisa (Mimi & Líza, SK, 2014, dir. Katarína Kerekesová) and JM film documentary Acceptance (Akceptácia, SK, 2015, dir. Jaroslav Matoušek).

- CinemArt SK had the highest number of premières (53), followed by Film Europe Media Company (45) and Continental Film (39). As for the results achieved, the ranking in the first three positions did not change. According to the Union of Film Distributors of the Slovak Republic, CinemArt SK was the most successful distribution company of 2016 (up to 31 December 2015 it was Barracuda Movie); the company had a 31% share of viewers and 31.3% share of gross box office receipts. It distributed, in particular, films of 20th Century Fox International, DreamWorks Animation, Paramount and Universal and it had six films in the TOP 10 in 2016 – The Secret Life of Pets (US, 2016, dir. Chris Renaud, Yarrow Cheney), Ice Age: Collision Course (US, 2016, dir. Mike Thurmeier, Galen T. Chu), Deadpool (US/CA, 2016, dir. Tim Miller), The Revenant (US, 2016, dir. Alejandro González Iñárritu), Bridget Jones’s Baby (GB/FR/US, 2016, dir. Sharon Maguire) and Trolls (US, 2016, dir. Anand Tucker). Continental Film ranked second (18.1% share of viewers / 19% share of gross box office takings); the company distributed films of Warner Bros. and independent companies and had two films in the TOP 10 – Fantastic Beasts and Where to Find Them (US, 2016, dir. David Yates) and Suicide Squad (US, 2016, dir. David Ayer). Saturn Entertainment ranked third (16.4% / 17.3%); the company is a member of the Walt Disney Studios Motion Pictures International distribution network and it ranked third also thanks to two animated films in the TOP 10 – Finding Dory (US, 2016, dir. Andrew Stanton) and Zootopia (US, 2016, dir. Byron Howard, Rich Moore).

However, the animated film *Ice Age: Collision Course* experienced the most successful opening weekend in 2016, being viewed by 75,481 people. But it did not outdo the 2015 record of *Minions* (109,475 viewers). *The Red Captain* was viewed by 36,328 people during its opening weekend, which is the historically highest figure among Slovak feature films since Slovakia gained independence. The documentary *38* (SK, 2014, dir. Daniel Dangl, Lukáš Zedníčkov) with 49,314 viewers is still the most successful domestic film in this respect.

In 2016, a record 29 Slovak and co-production films and blocks of films were released in cinemas, including the re-release of Martin Šulík’s *Everything I Like* (Všetko čomá mám rád, CS, 1992).

After a two-year dominance of documentaries (*38* in 2014 and *RYTMUS A Dream from the Block* (RYTMUS sídliskový sen, SK, 2015, dir. Miro Drobný in 2015) a feature film became the best-attended domestic film of the year - *The Red Captain*. This was viewed by 87,224 people and thus became the thirteenth most successful film of 2016 in Slovak cinemas and the eighth best-attended Slovak film since the country became independent.

Four short animated films were also released in cinemas. *Superbia* (HU/CZ/SK, 2016, dir. Luca Tóth) shown prior to *Fire at Sea* (IT/FR, 2016, dir. Gianfranco Rosi), *Brother Deer* (Braček jelenček, SK, 2015, dir. Zuzana Žiaková) screened prior to *5 October* (SK/CZ, 2016, dir. Martin Kollar), *Star Taxi* (Hviezdný taxič, SK, 2015, dir. Juraj Krumpolec) shown prior to *Operation Arctic* (NO, 2014, dir. Grethe Bøe-Waal) and *Cowboyland* (Kovbojko, SK, 2015, dir. Dávid Štumpf) screened prior to *Far from Men* (FR, 2014, dir. David Oelhoffen) which were viewed by 4,670 people in total.

Compared with 2015, minority co-productions were also much more successful. The romantic comedy *Stuck with a Perfect Woman* (Bezvaženská na krku, CZ/SK, 2016, dir. Tomáš Hoffman) was viewed by 46,568 people which is more than ten times more than the number of people who saw *Home Care* (Domácí péče, CZ/SK, 2015, dir. Slávek Horák) in 2015.

All Slovak films, including minority co-productions, were viewed by 377,094 people, representing a 6.61% share in the total attendance. Just for comparison, in 2015, this share was 6.72%. The share of 100% Slovak films and majority co-productions was 4.79%, as these films were viewed by 273,123 people.

While the share of domestic films remained approximately the same in Slovakia, it increased year-on-year in nine European Union Member States. The greatest share (35.3%) was achieved in France, followed by the Czech Republic (29.5%) with 4 domestic films in the TOP 10 – as regards Slovakia, three of them were minority co-productions, specifically *An Angel of the Lord 2* (Anděl Páně 2, CZ/SK, 2016, dir. Jiří Strach), *Stuck with a Perfect Woman* and *The Tiger Theory* (Teorie tygra, CZ/SK, 2016, dir. Radek Bajgar). (For detailed results of films premièred, refer to the table Distribution of premièred Slovak and co-production films in 2016 on the following page).

For the first time, the results include not only data for members of the Union of Film Distributors of the Slovak Republic (UFD), but also results achieved by premièred films distributed by companies that are not members of the UFD. Nevertheless, the results do not, for instance, include attendances at the Bažant Cinematograph which attracted over 25,000 viewers to free-of-charge screenings of Czech and Slovak films in 31 Slovak towns and cities; then there were a further 8,000 viewers who attended film evenings of the Bažant Cinematograph Outdoor Cinema at the Magio Beach in Bratislava, festival screenings of non-distribution titles (with the exception of Febiofest), the KineDok project, or the attendance at the increasingly popular alternative content (recordings of theatre, opera or ballet performances, concerts, sports broadcasts...).

Already, in the first four months of 2017, almost 800,000 viewers have viewed Slovak films in cinemas, hence we could achieve a record million viewers attending domestic films by 31 December 2017.

Data on the total number of DVDs and Blu-rays (BDs) sold in Slovakia are not available for 2016. Also data on the media sold in the TOP 10 of the two largest DVD and BD distributors in Slovakia for 2016 are absent for the first time.

In 2016, Bontonfilm released 316 DVD titles and 139 BD titles.

- Animated family films dominate the TOP 10 again, this time complemented by a Bond movie.

1. **Kung Fu Panda 3** (US/CN, 2016, dir. Jennifer Yuh, Alessandro Carloni)
2. **Hotel Transylvania 2** (US, 2015, dir. Genndy Tartakovsky)
3. **Spectre** (GB/US, 2015, dir. Sam Mendes)
4. **The Peanuts Film** (US, 2015, dir. Steve Martino)
5. **Despicable Me 2** (US, 2013, dir. Pierre Coffin, Chris Renaud)

During 2015, the bestselling BD title was **The Jungle Book**, released in 2016, a domestic title also appeared in Magic Box Slovakia’s TOP 10 bestselling BDs:

2. **The Martian** (US, 2015, dir. Ridley Scott)
5. **Deadpool** (US/CA, 2016, dir. Tim Miller)

While, in 2015, the best-selling BD title was the Slovak documentary **38** (SK, 2014, dir. Daniel Dangl, Lukáš Zedníkovič), in 2016, not a single domestic title was among Bontonfilm’s TOP 10 bestselling BDs:

10. **The Red Captain** (Červený kapitán, SK/CZ/PL, 2016, dir. Michal Kollár)

In 2016, 56 DVDs or BDs with Slovak and co-production audiovisual works were released. Of these, 36 DVDs and BDs contained full-length cinema films (in 2015, 48 DVDs or BDs with Slovak and co-production audiovisual works were released, of which 30 were full-length cinema films).

- Magic Box Slovakia provided the second largest number of domestic films on DVD in 2016. - In mid-July 2014, the internet VoD portal Kinocola (www.kinocola.sk) came into operation from the production company Filmpark. It specialises in Slovak and Czech films.
- In June 2016 the Association of Slovak Film Clubs (ASFK) started its own Video on Demand service (www.asfkvod.sk). It listed 10 titles, gradually adding more to its library.
- Films can also be rented via digital television – e.g. Magio from T-Com and Fiber TV from Orange. Both offer an archive of the programmes broadcast. Magio offers a seven-day archive and Fiber TV a 31-day archive. CME launched the Voyo portal in 2011 in Slovakia. It is a video-on-demand platform available not only on PCs but also on selected TV sets, tablets, Blu-ray players and smart phones. In addition to films, Voyo also offers access to the archives of the TV channels Markíza, Domá and Dajto. The HBO GO service has been available since 2013; it offers HBO subscribers unlimited access to films, TV series and documentaries, especially from HBO original production, but also to the latest Hollywood blockbusters on PCs, mobile phones, tablets and TVs with Internet connection.
- Since 2011 it has been possible to buy or rent films also from iTunes in Slovakia. In 2016 it had around 4,000 titles in its library. The number of films with Slovak language localization has been increasing.
- The arrival of the American Netflix on the Slovak market from 6 January 2016 was a major surprise. When the service was put into operation, there were 234 TV series, 206 comedies, 104 action movies, 93 fairy tales and family films, 165 documentary and biographical films, 97 dramas, 25 horror movies, 31 independent films, 63 romantic films, 58 sci-fi movies and 30 thrillers available. All of these are currently without Slovak dubbing or subtitles. In December 2016, Netflix started to offer the first series with Slovak localisation – subscribers could view 13 episodes of the original Netflix TV series Fuller House (US, 2016, dir. Richard Correll, Mark Cendrowski, Joel Zwick, Katy Garretson) with Slovak subtitles. In spring 2017, further original Netflix series with Slovak subtitles were added.
- From mid-December 2016, the Prime Video service has been competing with Netflix. Amazon made it available in over 200 countries across the world, including Slovakia.

**CINEMAS**

- In 2016, 145 cinemas with 241 screens were in operation (in 2015, there were 140 cinemas with 235 screens). Of these, 98 were single-screen cinemas, 20 miniplexes (cinemas with 2 to 7 screens) with 79 screens and 12,395 seats and 4 multiplexes (cinemas with 8 and more screens) with 40 screens and 6,989 seats, 19 outdoor cinemas and 4 alternative spaces (A4 – Space for Contemporary Culture (Bratislava), Tabáčka/Kulturfabrik (Košice), Pocity (Prešov) and Stanica (Žilina)).
- In addition, the IMAX cinema with a capacity of 472 viewers and IMAX 3D technology has been in operation in Bratislava since 2015, although it is not included in the official European statistics.
- In 2016, the following cinemas were opened or reopened: Tatran in Poprad (28 January 2016), SĽUK in Rusovce (23 June 2016), Tuli in Šamorín (5 August 2016), Tatra in Komárno (9 August 2016), Lastovička in Dubnica (28 August 2016) and the 2-screen cinema in Zvolen changed its operator at the beginning of November, hence the Europa Cinemas brand was replaced by Kino Star.
- Visitors to 5 screens in 4 cinemas could enjoy the Dolby Atmos 3D sound – 2 screens in CINEMAX Bratislava and one screen each in Cinema City Aupark Bratislava, CINEMAX Arena Tnava and Mlyny Cinemas Nitra. The IMAX cinema also has immersive sound.
- As at 31 December 2016, 185 screens in 90 cinemas and 3 outdoor cinemas were digitised with D-Cinema technology (175 screens in 82 cinemas and 2 outdoor cinemas in 2015; 139 screens in 67 cinemas and 3 outdoor cinemas in 2014; 130 screens in 60 cinemas and 3 outdoor cinemas in 2013; 113 screens in 45 cinemas in 2012; and 75 screens in 25 cinemas in 2011). In 102 of them – of these, 37 in single-screen cinemas – even 3D screening was possible.
- As at 31 December 2016, 100% of screens in 24 multi-screen cinemas were digitised. Of the 98 single-screen cinemas in operation in 2016, 67.35% were digitised. The number of digitised single-screen cinemas (66) will probably no longer increase substantially, as in 2016 only two applied (and were granted) support. (For details, refer to the Table: Cinemas in Slovakia as at 31 December 2016)
- In 2010 – 2016, the Slovak Audiovisual Fund (AVF) granted support totalling EUR 2,283,490 for the digitisation of 75 cinemas and screening rooms with D-Cinema technology.
- In 2010, five applications were granted support totalling EUR 170,000. In 2011, seventeen applications were already granted support totalling EUR 485,000 (of this number, twelve applications were also allocated support thanks...

- Of these, **66 single-screen cinemas and three outdoor cinemas** were granted support totalling EUR 2,123,240 which represents an average support of EUR 30,772 per cinema.

- In 2010–2016, the AVF also granted support for the digitisation of 9 screening rooms in **multi-screen cinemas** with **D-Cinema technology** – CINEMAX in Banská Bystrica (previously Europa Cinemas), Dunajská Streda, Košice, Poprad and Prešov, Ster Century Cinemas in Košice and Žilina (previously City Cinemas) and Golden Apple Cinema in Liptovský Mikuláš (in 2013 and in 2016), in total EUR 160,250 (EUR 17,806 per screen on average).

- While multi-screen cinemas were digitised with D-Cinema technology without AVF support, except for those referred to above, only eight of the almost one hundred single-screen cinemas managed to do so – Bánovce nad Bebravou, Bratislava (Klap), Dubnica nad Váhom (Lastovička), Martin (Moskva Cinema), Stropkov, Stupava, Šamorín (Tuli Cinema) and Ružomberok. The renovation of the amphitheatre in Košice was financed from the funds earmarked for the 2013 European Capital of Culture.

- Those cinemas that have had digital technology in place for the longest time are already encountering technical problems and the necessity to re-digitise. Kultúra Cinema in Ružomberok, which was the second single-screen cinema in Slovakia digitised without AVF support in 2009, was the first cinema to receive support for **re-digitisation**.

- In 2013, the AVF also opened a new sub-programme enabling applicants to obtain a grant for cinema modernisation using the less expensive digital **E-Cinema HD** technology. Thanks to this, a further **21 digitisation applications** were supported in 2013 and 2015: cinemas Múzeum SNP in Banská Bystrica, Dom kultúry Bošany, A4 in Bratislava, Film Club in Byča, Diamant in Dudince, Poľana in Hriňová, Akropola in Kremnica, Družba in Margecany, FK and Mestská scéna in Martin, Tatra in Nitra, Ostražica in Nižná, Nováky in Nováky, Osveta in Očová, KaSS in Prievidza, Apollo Cinema in Rožňava, Jášik in Turzovka, Tatra in Vráble, Žilina-Záriečie Station, Cinematograph and Cinematograph 2 mobile outdoor cinemas in Bratislava and the outdoor cinema in Vranov nad Topľou. In 2016, the digitisation of the Tabačka Cinema in Košice was supported. In 2013 – 2016, the AVF granted support for the digitisation of 22 cinemas by E-Cinema HD technology totalling EUR 262,000 (EUR 11,918 per application on average). The Film Europe Cinema was digitised with E-Cinema technology without AVF support.

- As most of the cinemas interested in digitisation and having funds available were already supported in 2014, the sub-programme **4.3 Modernisation of Equipment of Digitised Single-Screen Cinemas** was added to the AVF Development of Audiovisual Technologies Programme in Slovakia. In 2014 – 2016, 21 applications were supported – Potôň Theatre in Bátovce, Film Europe Cinema in Bratislava, Cinema Lumière in Bratislava, Mladoš in Bratislava, Nostalgia in Bratislava, Mostár in Brezno, Iskra in Kežmarok, Junior in Levie, Mier in Nové Zámky, Panoramic Cinema in Partizánske, Tatra in Nitra, Centrál Park in Podhájska, Klub in Revúca, SLUK in Rusovce, Nova in Sereď (in 2014 and in 2016), Mier in Spišská Nová Ves, ArtKino Metro in Trenčín, Hviezda in Tmava, Mladoš in Vranov nad Topľou and Hron in Žiar nad Hronom – with a total amount of EUR 413,550 (EUR 18,798 per application on average). Cinemas mainly used the funds for the exchange of seats, floors and screens but also for the ticket reservation system.

- In 2010 – 2016, the AVF granted support to Programme **4 Development of Audiovisual Technologies in the Slovak Republic** totalling EUR 2,948,540. (For more details, refer to the chapter on the **Slovak Audiovisual Fund**.)

- The K3 screening room at Cinema Lumière in Bratislava with 35 seats is the only cinema in Slovakia which predominantly screens films from 35 mm copies, even in the era of digitisation. It is entitled **Filmotheque – Study Screening Room of the Slovak Film Institute**. Its programming is based on the rules determined by the International Federation of Film Archives (FIAF), of which the SFI has been a member since 2001.

- With regard to outdoor cinemas, the Paľo Bielik Amphitheatre in Banská Bystrica screens films only from 35 mm copies. In 2016, also the original 70 mm projectors were put into operation and the zero edition of the Panoramic Film Festival was organised.

- As at 31 December 2016, there were **19 outdoor cinemas** (17 in 2015). In addition to the three outdoor cinemas digitised by D-Cinema technology (Galanta, Košice, Tmava), films were also digitally projected in further six outdoor cinemas. The outdoor cinemas in Krupina, Pezinok, Podhájska, Senec and Senica borrowed projectors from the local single-screen cinemas and in Trnovce from the Primáš Cinema in Myjava. A further 26 outdoor cinemas (9 of them in Bratislava) screened films for free, so they are not included in the statistics. The same applies to two **drive-ins** – Shopping Palace in Bratislava and Orava in Námestovo which has been screening since 2016.

- As at 31 December 2016, a total of **25 cinemas** in 19 Slovak cities formed part of the European cinema network (23 cinemas in 19 cities in 2015). The network **Europa Cinemas** recorded 2,680 screens in 1,089 cinemas in 654 cities in 41 countries. From 2015, Film Europe Cinemas, Mladoš, Nostalgia and Cinema Lumière in Bratislava, cinemas in Liptovský Mikuláš (Nicolaus), Martin (Strojár), Piešťany (Fontána), Rimavská Sobota (Orbis), Ružomberok (Kultúra), Sereď (Nová), Spišská Nová Ves (Mier), Stupava (Cinema X), Trenčín (Artkino Metro) and CIMENAX miniplexes in Banská Bystrica, Dunajská Streda, Košice, Nitra, Poprad, Prešov, Skalka, Trenčín, Tmava (MAX) and Žilina remained within the Europa Cinemas network, in 2016, there were two miniplexes in the CIMENAX network – Bratislava and Tmava (Arena) added.

Film clubs

Film clubs in Slovakia are associated within the Association of Slovak Film Clubs (ASFK, www.asfk.sk). As of 31 December 2016, there were a total of 57 film clubs with 6,789 members (in 2015, there were 54 film clubs with 5,569 members). Most of the film clubs operate on the premises of conventional cinemas; 37 of them, i.e. 64.91% are in digitised cinemas.

In 2016, 133,472 viewers attended screenings of art-house films in all cinemas in Slovakia (not only in film clubs), which represents a year-on-year decline of 2.3%. In 2016, art-house films constituted 2.4% of the total attendance of Slovak cinemas (2.92% in 2015).

The total attendance in Slovak cinemas in 2016 amounted to 5,667,071 viewers.

The average admission fee was EUR 2.34 (EUR 2.58 in 2015) for art-house films in all cinemas. Just for comparison, the average admission fee in all cinemas was EUR 5.12 in 2016.

The most important events by ASFK in 2016 include the touring showcase Project 100 – 2016, the 23rd International Film Clubs Festival Febiofest 2016 and the Film Lab for Kids.

The 23rd International Film Clubs Festival Febiofest was held from 17 to 23 March 2016 in several cinemas in Bratislava: Lumiére, Klap, Mladoseľ, Foajé and Artkino za zrakdom. It subsequently travelled to several other Slovak cities from 29 March to 10 April 2016. In all, 12,547 viewers saw 147 films in ten programme sections in ten cities (Banská Bystrica, Bratislava, Levice, Kežmarok, Košice, Martin, Prešov, Prievidza, Trenčín, Trnava), in 14 screening rooms, at 249 screenings. (For other awards given see the chapter Festivals and Reviews)

The laureates of the ASFK 2015 Annual Awards were announced at Febiofest for the eighth time. Artkino Metro in Trenčín became the best film club. Eva Nová (SK/CZ, 2015, dir. Marko Škop) became the best club film. The director Otar Iosseliani received the ASFK Annual Award for his contribution to world cinema. The directors Dušan Trnčík and Petr Zelenka took the ASFK Annual Award for their contributions to Slovak cinema and the club movement.

In 2016, the ASFK brought 34 new full-length films to cinemas (of these 2 were re-releases) and 2 short animated films.

On 23 June 2016 the project entered into its sustainability phase which will last for five years from the end of the project; the SFI has made a commitment to digitise at least 50 film items per year during this period. The Digital Audiovision project is maintained on behalf of the SFI by the staff of the Digital Audiovision (DA) Department on the premises of the digitisation workplace. This workplace was constructed in the first half of 2014 and it constitutes a comprehensive functional and systematic unit for the digitisation and digital restoration of the film heritage with direct ties to the entire process of preservation of the Slovak audiovisual heritage and rendering it accessible. In 2016, 72 films (animated, documentary, feature, newscast films) were digitised in it. The partner of the project, RTVS, digitised 8,140 audio and audio-visual items in 2016.

Project continued, aimed at preservation and restoration. The project began in 2004 and has been continuously supported by the Slovak Government since 2006. Among other aims, it focuses on the renewal and rescue of SFI film collections from tri-acetate and nitro-cellulose to polyester. The complete production of 35 mm film materials was performed in the Film Laboratories of Ateliery Bonton Zlín. The works were carried out under the special technical supervision of the staff of the SFI’s Film Archive Department. The length of the new 35 mm materials on polyester film base was 365,572 metres in 2016 (see also the chapter Legislation).

- **Presentation of Slovak Cinema Abroad** (project approved by the MC SR) - this project has been implemented by the National Cinematographic Centre (NCC) since 2009. Last year, the project was implemented in an updated version for the period of 2016 – 2018 with financial support from the Ministry of Culture. Its aim is to increase the extent and quality of the presentation of Slovak cinema and audiovision abroad and, at the same time, to contribute to making it more visible. Representing Slovakia in the Council of Europe’s Cinema Support Fund – Eurimages – has been part of the project since 2014.

- Presentations at the international film market, EFM Berlin, the Marché du film Cannes and the Karlovy Vary IFF were again the main activities within the project in 2016.

- The long-term fundamental tasks of the SFI in the upcoming period include the performance of the tasks of a legal repository of audiovisual works, the provision of comprehensive professional maintenance for the cinematographic section of the national cultural heritage of Slovakia, and, as part of this, in particular, the complete systematic rescue and restoration of its film collections, including their transcription to digital and magnetic media, gradual digitisation of archive collections for the purposes of long-term storage and rendering them available via new media, the professional cataloguing of archive items and collections, the description of their content, and subsequently making them available to the public.

- The basic organisational units are the National Film Archive (NFA) and the National Cinematographic Centre (NCC).

- In accordance with the decision of the Slovak Ministry of the Interior, the National Film Archive (NFA) is a specialised public archive consisting of unique film and film-related archive funds and collections.

- The National Cinematographic Centre (NCC) coordinates the Audiovisual Information Centre, the Department of Film Events, the Publications Department, the Film.sk editorial office and the information offices of the EU and Council of Europe programmes.

- Its main role is to collate and provide comprehensive up-to-date information, statistics and information services relating to Slovak cinematography, as well as the promotion and presentation of Slovak film at home and abroad. The activities of the NCC, which focus, in particular, on the current creation and production of Slovak audiovisual works, are thus a natural supplement of the NFA activities, focused primarily on archiving, cataloguing and making the audiovisual heritage available. Since 2009 the NCC has been in charge of the implementation of the priority project entitled Presentation of Slovak Cinematography Abroad.

- The Audiovisual Information Centre (AIC) acts as an information centre on events entailing audiovision in Slovakia and abroad. The AIC collates, processes and publishes the information which arrives at the Ministry of Culture or the SFI from the area of audiovision, and is intended for experts in Slovak cinema and audiovision. All up-to-date and relevant information is available on www.aic.sk, which also includes an online database of Upcoming Slovak Films (www.aic.sk/slovakfilms).

With regard to the presentation of Slovak cinema at international film forums, the AIC collated and processed basic documents for the production of promotional materials on the current situation in Slovak audiovision (e.g. Slovak Films 15 - 16).

The role of the Creative Europe Desk is to provide for the dissemination of information on the Creative Europe Programme and to provide administrative support for project promoters.
